a major reappraisal of crime and punishment in america the huge prison buildup of the past four decades has few defenders today yet reforms to reduce the number of people in u s jails and prisons have been remarkably modest meanwhile a carceral state has sprouted in the shadows of mass imprisonment extending its reach far beyond the prison gate it includes not only the country s vast archipelago of jails and prisons but also the growing range of penal punishments and controls that lie in the never never land between prison and full citizenship from probation and parole to immigrant detention felon disenfranchisement and extensive lifetime restrictions on sex offenders as it sunders families and communities and reworks conceptions of democracy rights and citizenship this ever widening carceral

state poses a formidable political and social challenge in this book marie gottschalk examines why the carceral state with its growing number of outcasts remains so tenacious in the united states she analyzes the shortcomings of the two dominant penal reform strategies one focused on addressing racial disparities the other on seeking bipartisan race neutral solutions centered on reentry justice reinvestment and reducing recidivism in this bracing appraisal of the politics of penal reform gottschalk exposes the broader pathologies in american politics that are preventing the country from solving its most pressing problems including the stranglehold that neoliberalism exerts on public policy she concludes by sketching out a promising alternative path to begin dismantling the carceral state
