mariano siskind's groundbreaking debut book redefines the scope of world literature particularly regarding the place of latin america in its imaginaries and mappings in siskind's formulation world literature is a modernizing discursive strategy a way in which cultures negotiate their aspirations to participate in global networks of cultural exchange and an original tool to reorganize literary history working with novels poems essays travel narratives and historical documents siskind reads the way latin american literary modernity was produced as a global relation from the rise of planetary novels in the 1870s and the cosmopolitan imaginaries of modernism at the turn of the twentieth century to the global spread of magical realism with its unusual breadth of reference and firm but unobtrusive grounding in philosophy literary theory and psychoanalysis cosmopolitan desires will have a major impact in the fields of latin american studies and comparative literature

in the past decades historians have interpreted early modern christian missions not simply as an adjunct to western imperialism but a privileged field for cross cultural encounters placing the jesuit missions into a global phenomenon that emphasizes economic and cultural relations between europe and the east this book analyzes the possibilities and limitations of the religious conversion in the micronesia islands of guåhan or guam and the northern marianas frontiers are not rigid spatial lines separating culturally different groups of people but

rather active agents in the transformation of cultures by bringing this local dimension to the fore the book adheres to a process of missionary glocalization which allowed chamorros to enter the international community as members of spain s regional empire and the global communion of the roman catholic church

with a vast river network and rainforests extending over eight south american countries the amazon plays a vital role particularly in maintaining biodiversity and terrestrial carbon storage due to its ecological characteristics the amazon benefits not only those countries but also the international community at large however the amazon forests are being rapidly cleared with a consequent loss of biodiversity and impact on global climate this book examines whether international law has an impact on the preservation of the amazon by inquiring into the forms of cooperation that exist among the amazon countries and between them and the international community and to what extent international cooperation can help protect the amazon given the role of this region in maintaining the balance of the global environment the book examines whether the amazon should be granted a special legal status and possible implications in terms of international cooperation

this book explores the lives of prominent and lesser known artists from a dozen different latin american countries and seeks to understand their contributions and their complex lives celebrating their creativity and impact on latin american art

cultural heritage management and indigenous people in the north of colombia explores indigenous people s struggle for territorial autonomy in an aggressive political environment and the tensions between heritage tourism and indigenous rights south american cases where local communities especially indigenous groups are opposed to infrastructure projects are little known this book lays out the results of more than a decade of research in which the resettlement of a pre columbian village has been documented it highlights the difficulty of establishing the link between archaeological sites and objects and indigenous people due to legal restrictions from a decolonial framework the archaeology of pueblito chairama teykú is explored and the village stands as a model to understand the broader picture of the relationship between indigenous people and political and economic forces in south america the book will be of interest to researchers in archaeology anthropology heritage and indigenous studies who wish to understand the particularities of south american repatriation cases and indigenous archaeology in the region

this book traces the formation of eta euskadi ta askatasuna and the tensions created by its combination and aims socialism and basque nationalism the basque nationalist movement emerged in the late nineteenth century as a response to the rapid transformation of basque society by industrialisation the influx of spanish speaking workers to basque territories seemed to threaten the stability of basque society gradually the immigrants became absorbed into the radical struggle with the creation of illegal trade unions and the need to resist the franco regimne by whatever means over the next half century basque consciousness developed until the radical nationalist organisation eta was formed in 1959

a priced and annotated annual record of international book auctions
