urban areas result in a series of environmental challenges varying from the consumption of natural resources and the subsequent generation of waste and pollution contributing to the development of social and economic imbalances as cities continue to grow all over the world these problems tend to become more acute and require the development of new solutions the challenge of planning sustainable contemporary cities lies in considering the dynamics of urban systems exchange of energy and matter and the function and maintenance of ordered structures directly or indirectly supplied and maintained by natural systems the task of researchers aware of the complexity of the contemporary city is to improve the capacity to manage human activities pursuing welfare and prosperity in the urban environment any investigation or planning for a city ought to consider the relationships between the parts and their connections with the living world the dynamics of its networks flows of energy matter people goods information and other resources are fundamental for an understanding of the evolving nature of today s cities large cities are probably the most complex mechanisms to manage they represent a fertile ground for architects engineers city planners social and political scientists and other professionals able to conceive new ideas and time them according to technological advances and human requirements papers presented at the 14th international conference on urban regeneration and sustainability address the multidisciplinary components of urban planning the challenges presented by the increasing size of cities the number of resources required and the complexity of modern society various aspects of the urban environment are covered and a focus is placed on providing solutions

which lead towards sustainability

the invisible forces unveiling hidden influences on decision making by dr neesh kumar maurya what if the choices you believe are yours were never entirely your own what if unseen currents emotional social ancestral and cosmic were silently steering your every decision the invisible forces is a profound exploration of the hidden powers that shape human thought and action blending psychology spirituality philosophy and lived experience the book reveals how fear memory desire culture belief relationships intuition and destiny quietly influence our judgement often more than logic or reason rather than viewing decision making as a conscious act this book invites readers to rethink choice as a tapestry woven by forces both known and unseen it challenges long held assumptions and opens new pathways for self awareness clarity and transformation thought provoking and deeply insightful this work appeals to thinkers seekers leaders scholars and anyone who has ever wondered why did i choose this path could i have chosen differently with reflective questions relatable examples and philosophical depth the book does not merely inform it awakens it encourages readers to notice patterns break conditioning and recognise the subtle energies shaping their direction in life if you are curious about the mind destiny and the silent architects of human behavior this book will not just speak to you it will stay with you from fear to faith memory to culture intuition to destiny this book reveals the silent architects behind human decision making

the mystic art of alchemy is a comprehensive guide to the ancient practice of alchemy and how it can be used as a tool for spiritual transformation drawing from both historical and contemporary sources this book explores the symbolism and practices of alchemy and how they can be applied to our modern lives through clear and accessible language readers will learn about the key principles of alchemy such as transformation transmutation and the importance of balance and harmony they will also discover the role of alchemy in the evolution of consciousness and how it can help us to cultivate a deeper understanding of ourselves and the world around us with practical techniques and exercises the mystic art of alchemy provides readers with the tools they need to begin their own alchemical journey whether seeking personal transformation spiritual growth or simply a deeper understanding of this ancient practice this book is an essential resource for anyone interested in the mystic art of alchemy

this book reunites science and spirituality after her roads separated 300 years ago more and more scientists are discovering that both disciplines are only two sides of the same coin we

are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world this leap in human consciousness was already foreseen by the ancients and american indigenous people like the maya hopi and aztecs who prophesized that this transformation of consciousness would take place in our time this book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united

the present treatise first appeared as a text book under the title ancient times in 1916 foreword
